University of Southern Cross
University of Newcastle (with health sciences)
University of Notre Dame
University of Technology Sydney
University of Tasmania

✔ JOBS

Australian Brick and Block Laying Training Foundation (bricklaying jobs)
Motor Traders Association
们

Welcome to our school: Chatham High school leaders, Ashleigh Spekking, Brad Chapman, Nadeen Bayliss and Chris Diessell with the program and guides available to students preparing for further education and the jobs market.

Preparation prevents poor performance

STUDENTS should prepare for the day by reading up on the courses they're interested in and the places they would like to live after school.

They should write down questions that come to mind not only about the course, but also accommodation, scholarships, youth allowances, facilities and other costs.

The best advice on what to do on the day is to ask questions. And don't settle for an answer if you want to know more, keep asking and asking until you are satisfied.

Feel free to go back a second and a third time if you think of a question later.

Students going to university should carefully check their new UAC guide as a reference point for enquiries.

Schools attending:
- Chatham High
- Taree High
- Wingham High
- Gloucester High
- St Clare’s High
- Taree Christian College
- Great Lakes College
- Bulahdelah Central
- Manning Valley Anglican School

Wishing to go straight into a job?
- Australian Defence Forces
- Australian Industry Group
- Brick and Block Association
- Motor Traders Association
- New South Wales Apprenticeship Centre
- NSW Police
- Racing NSW
- Savour – Restaurant and Catering
- Wesley United
- Verto

University Admissions Centre
PLEASE ask Charles Sturt University about their new courses to be offered at Port Macquarie in 2014. Don’t forget New England University which has an office in Taree.

This is a once-only opportunity for you!

Never again will you have so many advisers at the one place to seek and compare information! PARENTS ARE VERY WELCOME

A word of advice

IT is important that students consider their options for applying for a range of courses. TAFE offers some excellent high level courses which can be used as credit towards university or as a quality qualification on their own.

Students should also ask about the Principal’s Recommendation Entry Schemes offered at the University of New England, Southern Cross University, Charles Sturt University, the University of Canberra and Sydney University.

The University of Newcastle lets local students in on four ATARs less than the advertised ATARS for most courses, whilst the Southern Cross and Charles Sturt Universities allows local students an extra five ATARS.

Looking for accommodation away from Taree?

IT is a good idea to consider accommodation as it can cost parents around $15,000 to $20,000 and more to keep a student whilst attending university or TAFE in metropolitan areas.

Scholarships

At the expo, representatives will have information on the various scholarships available. Please ask for details, especially about the Commonwealth Scholarships for Rural Students. There are some new changes.

Training

AS the job market is difficult in the Manning area, it is even more important for students to get good training. This is the key to gaining a rewarding and satisfying job.

Independent Youth Allowance

THERE have been many changes in this area so it is important to ask Centrelink (site 9) for exact details on health available.

Curious about where you’re heading?

So are we

At Charles Sturt University we believe curiosity and passion lead us all on the path to greater knowledge.

Our Port Macquarie Campus offers a range of degrees to spark your curiosity without having to move far from home. Pathway programs with North Coast TAFE and flexible distance education study options are also available.

So if you’re ready to explore your options, or find out more about our Information Day on 29 August at our Port Macquarie Campus, talk to Bronwyn and Fran at the Charles Sturt Career Expo.
